CLASSIC COURSE INFORMATION

Our 1-1 classic lash extension course is aimed at people starting out on their lashing journey. This course will provide you with the skills & knowledge required to create bespoke sets of lashes according to each persons individual eye shape & style.

You will learn all the skills required to offer full sets of classic lashes to clients who want to enhance their eyes by adding length and/or thickness to their natural lashes, ranging in style from natural to glam.

Lashes will be applied on a 1-1 ratio, enhancing the eyes for up to 6 weeks. This precise isolation technique takes time to perfect. The treatment can take 90 minutes or longer to complete, the client should find it a very relaxing experience.

Clients can choose to attend for a one off full set of lashes or to continuously wear their lash extensions whereby they will return every 2-3 weeks for infills. Your client is your advertisement, so you'll always want to do the best job possible which will keep your clients happy & loyal but also help to grow your business as they spread the word for you.

Treatment cost to the customer is up to £65, although this depends on your area and skill level.
